

Bike Helmet Order Form

Dear Parents,

Spring weather is here and it is time to order bike helmets. Bike helmets will be ordered through Vermont Safe Kids. The importance of helmets cannot be overstated. Studies show they reduce the risk of head injury by 85%. Head injuries occur in up to 75% of all bicycle crashes. A head injury can lead to permanent brain damage and is the most common cause of bicycle related deaths.

If you are interested in buying a helmet for your child/children, or yourself, please fill out the order form below with the number of helmets you are ordering for each category. We have adult sizes available too. Be sure to measure the head just above the ears and eyebrows and around the largest part of the head. **It is important to use your child's head measurement and not their age for an appropriate helmet fit.** All helmets meet or exceed ASTM and ANSI safety standards.

All order forms are due on Friday April 10th. Checks should be made out to the Waitsfield Elementary School.

The price of all of the helmets is \$9.00. Shipping will take at least 3 weeks once the orders are all turned in.

NAME: _____

Age / Size	Unisex	Female	Male
Toddler 19" – 20 1/2"	Not available		
Child (5 – 8 yrs) 21" – 22"	Not Available		
Youth (ages 8+) 21 5/8" – 22 7/8"	Not available		
Adult small/medium 21 5/8" – 22 7/8"		Not available	Not available
Adult medium/large 23" – 24"		Not available	Not available

This year you also have the option of ordering a "multi-sport" helmet for other wheeled sports that kids participate in. They provide extra protection for areas that are more vulnerable while using in-line skates, skateboards and scooters: the back and sides of the head.

The cost of a multi-sport helmet is \$12.00 and is not available in gender-specific colors. Below is the order form for the multi-sport helmets.

Please note: Each year we participate in the Safe Kids Vermont helmet program, and each year we are not guaranteed specific bike helmet styles, colors or graphics. All helmets do meet National safety standards and are offered at an incredibly low price.

Size	Quantity
Child 20" – 21 ½"	
Youth 21 ½" – 22 ½"	

Total # of bike helmets _____ X \$9.00 = _____

Total # of Multi-sport helmets _____ X \$12.00= _____

Total cost = _____

Remember to make checks out to Waitsfield Elementary School.

Copy this order form, fill out, and return to Sue.

For any questions, please contact me at school.

Sue Dillon
School Nurse

PS – If you are interested in seeing the style of helmets available, you can view them online at the Bell Helmet website.
